

THE VIEWS | MOROCCO

The Views is located near Tetouan, between the majestic Rif Mountains and the Moroccan Mediterranean Coast, which is possibly the most in demand location within the emerging market of Morocco today.

Tetouan is located about 60 km east of the city of Tangier and 40 km south of the Spanish enclave of Ceuta at the Straits of Gibraltar. The development is a great opportunity to invest in the Alcudia Smir Beach Resort, situated on the Moroccan "Golden Mile". The Views is situated on an ideal plot, enjoying direct access to the beach. This prestigious resort development offers a wealth of amenities. This is a secure

gated development featuring 120 units, set amongst landscaped gardens, with an attractive lagoon shaped swimming pool. The area is well-connected in more ways than one: located just 50 km from Tangier's International Airport, the resort is easily reached from mainland Europe.
